

## REDS DRIVE ON TOWARD SMOLENSK

TWO KILLED AS  
TRAIN HITS CAR  
AT CROSSING

Waynot County Brother and  
Sister Victims of Crash  
at Upper Sandusky.

Special to The Star  
UPPER SANDUSKY, O., March 15.—(By The Associated Press.)—Two people were instantly killed when a passenger train hit a car at the crossing of the Sandusky and Erie roads here.

Crossing watchman, Mrs. Catherine Baughman, told Sheriff Fred J. Jones that she had attempted to stop the car but they either did not see or ignored her warning and drove onto the crossing just ahead of the train.

Car Carried 8 Blocks  
Mr. Schriver and his sister were apparently enroute here from Marcellus, and were traveling north. The passenger train does not stop here and was traveling at a high rate of speed.

The twisted wreckage of the car was carried six blocks down the tracks to the Interstate Motor Parts shop, before engineer James Esterline, of Fort Wayne, Ind., was able to bring the train to a stop.

Mr. Schriver was thrown from the car, but Miss Schriver was found in the wreckage alive. Train conductor, G. A. Idle, of Fort Wayne, summoned trackmen working nearby to assist in removing the wreckage from the locomotive. The watchman was rushed inward and pinned the car to the front of the engine. Workers succeeded in removing the car, allowing the train to proceed at 2 o'clock.

GOVERNORS AGREE  
ON FARM PROGRAM

Draft Plan Based on Points in  
Hoover's Talk.

Account of Bricker's Talk on  
Page 3.  
By The Associated Press  
DES MOINES, Ia., March 16.—Official representatives of 12 corn belt states today agreed on a program intended to offset what President Herbert Hoover called "the symptoms of a dangerously degenerating agriculture."

Minutes before the former chief executive pleaded for a strong home front—especially in the food sector—governors of eight states including Ohio and high ranking officials of four others culminated a day-long conference here by drafting a series of recommendations that, among other things, would:

Recognize agriculture as an essential war industry; release all present stocks of farm machinery now in the hands of dealers or distributors; and provide enough materials for construction of other units not now financed by grant selective service deferments for all experienced labor essential to farm production; and terminate "the present unsatisfactory system of allocation of such farm machinery which sends machinery where it is not adapted."

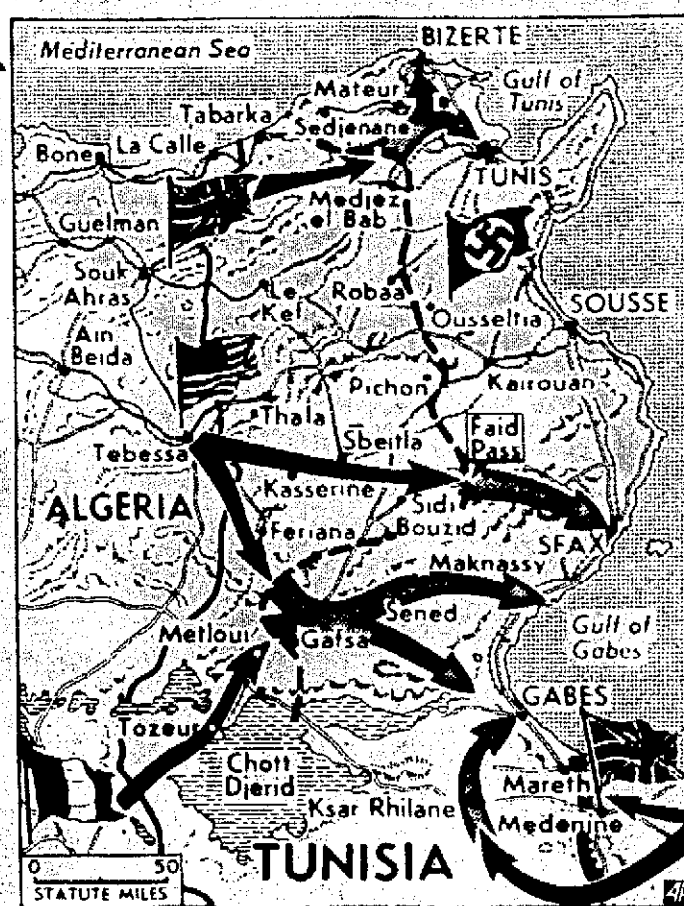

Attention of the recommendations brought to a close, except for Hoover's speech, the farm machinery conference was held by Iowa's Governor B. B. B. B. B.

The home front is as important as the military front, said Hoover, and administrator in World War I.

We have weaknesses on the home front. One of these weaknesses is in the food sector. One of the different sections of the home front food is the food we eat.

Look at our case in the war 25 years ago. We have today at work the same degenerative forces that then so disastrous in Europe. We have drawn down our farm machinery from the farms faster than the replacement. Our imports of food are restricted. We have a system in force that often hinders production and distribution.

This sort of degeneration is progressive. Unless it is stopped it will be worse in 1944 and even worse in 1945.

Absenteeism Problems Before  
War Manpower Committee

Area Group Presents Matter to Businessmen as Reports Show Condition Getting More Serious.

The growing problem of absenteeism among Marion's war industries was placed before representatives of business concerns, banks, business service representatives and other interested persons at a meeting last night of the Marion area war manpower committee in the Chamber of Commerce.

Eleven persons attended the meeting at the invitation of the committee to hear a brief outline of the absenteeism problem and a request that businessmen and others give some thought to what help they might provide in meeting the problem.

Problem Stated  
The committee put the problem before its visitors, in substance, as follows:

Absenteeism among Marion war industries is increasing and is now reported to range from 7 to 11 percent of the total number of employed in various plants. Studies of individual excuses for absence have produced reports stating that an absence rate of about two and one-half per cent is claimed caused by the fact workers are unable to get into business establishments without taking time off from their work.

The problem has several complications. One is the fact that most plants are working six days a week, eliminating a Saturday afternoon shopping period many workers formerly had. Another

RED CROSS DRIVE  
IN FINAL STAGES

Workers To Report Thursday;  
6 More Firms Over Top.

Six more Marion concerns were added today to the honor roll of those that have made or topped quotas in the Marion County Red Cross chapter drive for a \$36,000 war fund.

They are the Baker Wood Preserving Co., Allegood Insurance agency, John W. Chrispin pharmacy, Union station, Feature Frock store and the R. A. Chapman poultry house.

J. D. Torrance, drive chairman, and chapter officials today continued to urge workers to be prepared to make final reports at the report meeting, Thursday night.

The meeting will be held at 7:30 in the chapter office on the second floor at 133½ West Center street. The meeting will be brief, devoted solely to reports. At 8:05 a broadcast of the meeting will be made by Station WMRN.

Twenty-five staff assistants today canvassed the downtown area to reach those persons who may not have been contacted by drive workers. The war fund headquarters at 130 East Center street was to be closed tonight.

BRITISH TAKE  
STRONG POINT  
IN N. AFRICA

First Army Advances to Wood-  
ed Ridge as Germans  
Withdraw.

By The Associated Press  
ALLIED HEADQUARTERS IN NORTH AFRICA, March 16.—The British First army in northern Tunisia, advancing in the Soudan area without meeting resistance, has occupied a strategic wooded ridge, and other allied forces with artillery support have routed strong enemy patrols of armored vehicles in the Gafsa area, 200 miles to the south.

An allied headquarters communiqué which announced these successes on the ground also told of an outburst of new fury in the struggle for air supremacy in Tunisia.

Airdrome Bombed  
The artillery action in the area of Gafsa was accompanied by two heavy raids on Mezzouna airdrome, 82 miles northeast of Gafsa, in which the entire airfield and a number of parked planes were blanketed with bursting bombs.

Heavy bombers continued to blast at the axis supply lines across the Sicilian straits, and in an attack on a convoy scored a direct hit on one ship.

The western desert air force, with activity confined to patrolling along the Mareth line positions facing the British Eighth army, also conducted sweeps among axis transport north of Fajoune.

British infantry, which previously had failed to clear out the German elite troops from the forested high ground four miles southeast of Tameria in the Soudan area, swept forward again yesterday and found the enemy had withdrawn to new positions protecting the road to Sedjenane. Sedjenane is about 40 miles south of Bizerte and only about 12 miles south of the coast.

French forces with American guns turned back the patrols of enemy armor which were advancing between Gafsa and Mezzouna, 20 miles to the west, where the French were consolidating recent gains in positions in that mining region.

The communiqué said five axis fighting planes were shot down yesterday, four during the raid on the Mezzouna airdrome. On the other hand, the allies lost two planes during the day.

Cold Wave Forecast  
To Hit Ohio Tonight  
By The Associated Press  
COLUMBUS, O., March 16.—A cold wave will sweep across the state late today, dropping temperatures to 25 degrees or lower, the weather bureau announced today.

A special forecast said: "Becoming colder this afternoon and, decidedly colder, with a severe cold wave in western portion of state tonight. Temperature to go down to 25 degrees or lower."

MOB WRECKS THEATER  
PORTLAND, Me., March 16.—An angry throng of shipyard workers partially wrecked the Colonial theater in the heart of the downtown section early today after a special midnight "stag" show had been halted abruptly at 1:45 a. m.

Two men were arrested in connection with the throwing of bottles. More than a dozen theater seats were smashed and broken glass littered the floor and stage. All of the glass panels in the lobby doors were broken.

The Algiers radio was heard in a broadcast addressed to the French parties declaring "do not fear; it will not be long now; the hour of liberation is at hand."

The London Daily Herald said "foreign planes, presumably allied, have been dropping food, automatic rifles and grenades to the partisans" and then reported the German bombing raids on the fugitives.

British circles saw in the insurrection a clear sign that France was ready to play a part in any invasion, but they said they hoped the resistance was organized well enough to hide the fugitives until the hour struck for a general uprising.

One source estimated 80 per cent of the young men of the region who had been ordered to go to Germany to work in war factories had fled into the wild mountainous country, which has been occupied up until now by Italian forces only.

Hospital Project Pushed;  
Council Action Due Next

Commission Outlines Last Round of Preliminary Steps, Looks Forward to Early Letting of Contract.

The final blueprints that will guide workers in actual construction work on Marion's proposed temporary hospital addition were checked last night by the hospital building commission and sent along to council with a request for its approval and final legislation to make funds available for the job.

Although the preliminaries to actual construction work are being disposed of rapidly, several steps must be taken before a contract can be signed. These were outlined by the commission last night, in a meeting at the mayor's office, as follows:

Council must pass legislation providing \$19,000 as the city's share of the cost of the work. The federal government has given the city a grant of \$17,000 to put with this.

Council must close a public alley now separating two parcels of hospital grounds. The addition will extend across this alley.

Council will be asked to vote formal approval of the final plan. Although council has already acted on the plans as required by law, its previous action was taken only on the rough drawings and the commission asked that council be given opportunity to study the completed ones and again vote its approval.

The plans need final approval by both the state and the Federal Works Agency office in Chicago.

The commission must finally advertise for bids and set a date for opening them.

All these steps and possibly some other preliminaries that may become necessary are expected to take at least a month, possibly longer, but the commission and T. D. McLaughlin, head of the Lima architectural firm employed by the board, agreed last night that the biggest "ifs" seem to be out of the way following federal action over the week-end granting the project a AA-3 priorities rating. Without this, they pointed out, it would be virtually impossible to get needed materials.

Taken in Large Area  
The plans, studied last night, show that the addition will sprawl over a large part of the now vacant area back of the hospital. In area, it will overshadow the present building, but it is just a one-story structure.

It will be 247 feet long and 57 feet wide. At the center of this long structure, which will face Superior street, a wing 80 feet wide and 65 feet long will extend northward, making the addition a "T" shape. The top of the T will be the main part of the addition, the stem will be the wing extending northward. It will be joined to the present hospital building.

It will be a frame structure resting on concrete block foundation. The main part of the addition will house two rows of rooms for patients. Between these rows of rooms will be a wide corridor, and along the center of the corridor will be a third row of rooms containing service centers needed to supply patients' needs.

The wing extending northward will be a surgery center containing four operating rooms and other units necessary to a complete surgery department.

Only a narrow strip of land, ranging from 14 to 20 feet, will separate the addition from Superior street. Midway in the length of the building will be an entrance.

Remodeling Included  
Some remodeling work in the present building will be necessary because the heating plant, kitchen and surgery department will be in new locations. The extent of the remodeling in the present building will be controlled largely by the cost of the other work.

However, the board has at its disposal a \$10,000 item in the \$200,000 hospital bond issue approved by Marion voters that is earmarked for remodeling of the existing structure.

The \$19,000 the city is to furnish toward the cost of the addition will come from a \$20,000 item in the \$200,000 hospital bond issue earmarked for equipment.

The money will be spent for last purpose, and the government will credit this expense to the city as the sponsor's share of the cost of the addition.

Attending last night's meeting were Mayor James C. O. Brown, A. W. Kette and Walter A. Dorsey, all members of the commission. Mr. McLaughlin and Charles Oborn, Marion architect who will be associated with the project.

Mr. McLaughlin announced at the close of the meeting that the complete specifications for the project will be ready in a few days.

Genbach said persons who last week adopted a "come and see" view evidently had been "jolted out of the delirious attitude."

The Cleveland office reported the biggest payment from an individual yet received was an installment in excess of a million dollars.

Cincinnati officials estimated they would handle returns expected next of \$100 still outstanding.

OPPOSE WORLD

Congress Lines Up Sides on  
Post-War Problem; Taxes  
Unsettled.

WASHINGTON, March 16.—A pair of controversies and a compromise move over post-war, tax and manpower problems occupied Capitol Hill's attention today while the war production board studied a nationwide goods standardization scheme and the war labor board appeared to be dropping the "little steel" formula as a wage increase factor.

The battles raged on both sides of congress, with the senate choosing sides for and against a proposed post-war world police force and the house doing the same on the pay-as-you-go tax plan.

Oppose Police Force  
Senators Taft (R-Ohio) and Wheeler (D-Mont.) aligned themselves against a proposed international military force to suppress future aggression, while Senator Connally (D-Texas) spoke out in favor of such an agency to settle disputes between nations.

The Texan did not, however, commit himself definitely to the specific language of a resolution drafted by Senators Hatch (D-NM), Burton (R-Ohio), Hill (D-Ala) and Ball (R-Minn) to initiate the world police, but said he would support such a step.

In the house, party lines were drawn up for a final fight on the ship-building bill of the fiscal year with indications the fracas might echo into the 1944 political campaigns. Republicans were squared off in favor of the amendment, while Democrats determined to continue opposing it on the house floor.

W. R. ISSLEIB GIVEN  
FIRE DEPT. PENSION

Confined to Home by Illness;  
In Service 25 Years.

Wesley B. Issleib, of Lafayette street, a member of the city fire department for more than 25 years, was placed on the pension list last night at a meeting of the firemen's pension board at the West Side fire station.

Mr. Issleib suffered a series of heart attacks on Jan. 29, at the Central station shortly after returning from a fire on the east side of the city the second time in 20 years he had suffered such attacks.

Feb. 13 he was in City hospital for treatment.

His condition at present is fairly good, although he has not yet permitted visitors at his home, the attending physician said this morning.

The pension effective as of Feb. 1, and granted \$40 a month, was granted by the firemen's pension board.

Fire Chief T. J. McLaughlin granted his energy and that he has always been unwilling to admit to feeling ill if it would mean he could not do his full share of work in the department.

Mr. Issleib joined the department on Oct. 15, 1916.

The board accepted the resignation of J. D. Jones, a city council member of the board who was appointed Marion county commissioner.

Success in North Partially Offset. Loss of Kharkov in Ukraine.

By The Associated Press  
Spectacular new gains on the central front, where the Red Army captured at least 47 towns and villages in their drive toward Smolensk, threatened to offset somewhat the German victory at Kharkov in the Ukraine today, although the situation in the south remained extremely critical.

Smolensk, 230 miles west of Moscow, is the central pivot of the whole 1,200-mile front from Leningrad to Rostov.

Four spearheads are aimed at Smolensk from an advancing northwest front. Vyazma and one of the newest and most spectacular successes was that reported by a column surging forward from Kholm-Zhirkovsky, west of the upper Dnieper river.

## MURDER, INC., TO GET REVIEW

3 Convicted Killers Granted Plea in Supreme Court.

WASHINGTON, March 16.—Taking unusual action, the supreme court agreed yesterday to review the conviction of Louis Buchalter, Emanuel Weiss and Louis Capone, alleged members of "Murder, Inc." on a charge of slaying Joseph Rosen, a Brooklyn bookkeeper.

The trio are under sentence to die at Sing Sing prison.

A review was denied by the tribunal on February 17 and today it granted a petition for rehearing.

This means that the high tribunal will hear oral arguments on the case and then will deliver a formal opinion.

In the petition for reconsideration, attorneys for the trio contended there was reasonable doubt that they had received a "fair trial."

"No judgment, especially of death," they added, "never should be pronounced in this court where there is reasonable doubt of that."

In other actions today, the court:

Upheld generally reorganizations of the Chicago Milwaukee, St. Paul and the Western Pacific railroad companies ordered by the interstate commerce commission under the federal bankruptcy act. The court said high wartime earnings did not make the ICC plan out of date.

Refused to review the conviction of Orman W. Ewing, former Democratic national committee man from Utah, on a charge of raping a 19-year-old government worker here Oct. 26, 1941.

Rejected a request for reconsideration of its recent decision upholding the conviction of Enoch L. (Nucky) Johnson, former Atlantic City, Republican leader, on a charge of evading federal income taxes for 1938 and 1937.

Refused a second time to review the conviction in Texas courts of two members of Jehovah's Witnesses for violating city ordinances dealing with the distribution of literature.

Refused for the second time to review the conviction of William Dudley Pelley, former leader of the Silver Shirts of America, on a charge of criminal sedition. Also denied a rehearing were Lawrence A. Brown, a business associate, and the Fellowship Press, Inc., a publishing house at Noblesville, Ind., where Pelley's magazine, "The Glibner," was printed.

Pelley was sentenced to 15 years' imprisonment, Brown to five years and the Fellowship Press was fined \$5,000 in the federal district court at Indianapolis.

Lt. Gen. Somervell Weds Former Pupil of Mother

OCALA, Fla., March 16.—Miss Louise Hampton Vailmann and Lt. Gen. Brehon Burke Somervell, chief of the Army's services of supply whom she first met when he was a West Point cadet, were married yesterday.

The couple was unattended and only members of the immediate families were present at the single wedding ceremony held at the bride's home here. Shortly afterward, the pair left for an announced destination.

Mrs. Somervell was graduated from Belmont seminary in Washington, D. C. a school founded by General Somervell's mother. It was there that she first met the general while he was a cadet at the United States military academy.

SHOW VETERAN DIES

TIFFIN, O., March 16.—Jacob Raub, retired song and dance man of the medicine show era, died in Seneca infirmary at the age of 85. He joined a medicine show at 17 and retired at 70 to become a house painter.

Appeals for Compliance with OPA Egg Rules

COLUMBUS, O., March 16.—Director John T. Brown of the state department of agriculture appealed today to Ohio egg wholesalers and retailers to comply with office of price administration standards in newly proclaimed egg regulations.

Brown said the OPA regulations, effective as of March 6 and 11, adopt the federal-state grade standards but, in addition, requires dealers to assume the responsibility of grading eggs.

"Without proper and constant supervision of the thousands of dealers, the door is open for wholesale up-grading of eggs to take advantage of higher prices established for the higher grades," Brown added.

"Obviously the policing job thus created for enforcement officers is so tremendous that it cannot be done with limited staffs of experts now available to enforcement officials."

FIVE REPORTED KILLED

## Marion DeMolay Member Now in Army Given One of Order's Highest Awards

The Degree of Chevalier, second highest honor to be conferred by the Grand Council of the Order of DeMolay, has been awarded to F. Riley Hall, past master counselor of Marion Chapter, Order of DeMolay, now serving with the armed forces.

The honor ranks second to the Legion of Honor Degree and is the highest recognition which can be given the Marion DeMolay at his age.

The citation is for outstanding and marked DeMolay activity and loyalty to receive it the nominee must be over 18 years of age and an active member, majority member or member of the Legion of honor is eligible. The regalia of this degree is a silver insignia ring worn on the third finger of the left hand and a silver medallion suspended from a collar about the neck.

The degree of chevalier is awarded by the grand council at its regular sessions on nomination by the advisory council to the member or deputy in each jurisdiction. The degree can not be applied for and nomination is made without the knowledge of the member to be honored.

The honor will be conferred upon Mr. Hall in Marion at the earliest opportunity, by Jesse W. Darling, darling of Cincinnati, active member State of Ohio, on the event that he will be unable to be present, by Robert W. Solinger, deputy of District No. 4 and present "Dad" of the Marion chapter.

Announcement of the honor was received here from Mr. Darling following a meeting of the Grand Council recently.

Mr. Hall served as general chairman for the eighteenth annual Ohio State DeMolay convocation.

POINT VALUES FOR MEAT TO BE FIXED NEXT WEEK

WASHINGTON, March 16.—OPA will announce next week the point values for meats, fats and oils, butter, cheese and canned fish, officials said yesterday.

They emphasized all these products will be rationed on the same coupons, beginning March 22. They will be obtainable with use of the red stamps from war ration book 2, already used for processed and canned fruits and vegetables.

In the first month, each holder of war ration book 2, regardless of age, will have a basic allotment of 16 points a week. These points can be used by the consumer in any way he chooses. For example, the consumer could use all of his points for meats, but if he had this he could purchase none of the other products. While changes in point values will be made from time to time, to reflect changes in supplies and consumer demands, OPA said these changes probably will not be made more often than once a month.

## FARMER DISCOURAGED BY LABOR SITUATION

Bricker Says USES Fails To Solve Problem.

By The Associated Press

DES MOINES, Ia., March 16—Gov. Bricker of Ohio says farmers in his state have become so "discouraged" in their dealings with the United States employment service that some have refused to seek its aid in obtaining sorely-needed farm labor.

The rules and regulations coming from Washington, the valuable time taken in complicated procedure, necessary for the farmer to get action have all discouraged him," Bricker asserted yesterday at a conference of farm-belt governors called to discuss wartime agricultural problems.

The Ohio governor, a possible 1944 Republican presidential nominee, declared "experience with the USES in Ohio has been discouraging even to the point that farmers are refusing to contact those departments."

Agriculture's problems are so serious that "unless something is done immediately America will go hungry," the Ohio chief executive asserted. He estimated the state's

## Can't Fight With Duds!

● In the Solomons, in Africa, over Europe, the ceaseless rat-a-tat-tat of U. S. heavy calibre machine guns strikes the fear of death and death, itself, into the hearts of our Axis foes. They know that American bullets are live bullets. No duds!

In wartime, a railroad might well be compared to a machine gun.

Call the track the barrel. Picture freight cars, passenger cars as cartridges. Imagine the freight load of war material, the passenger load of troops and civilians traveling on essential business as the bullets and powder charges . . . all aimed at the heart of the enemy.

And then you can see how important it is that on America's railroads . . . mobilized for war, united for victory . . . there must be full utilization of every freight car—every passenger car—no duds!

Thanks to the whole-hearted cooperation of shippers, Army, Navy, the Office of Defense Transportation and other governmental agencies, America's railroads are moving double the freight they carried in 1939, and with little new equipment! The successful performance of this double task is an example of what can be done by conservation, by better utilization of space and equipment, by getting the most out of what you have.

And the same is true in passenger service. Here again, the railroads are called upon to carry double the volume they carried in 1939. Yet, more can still be done to get the most out of existing passenger space . . . to avoid peak loading on weekends . . . to prevent waste of seats or berths.

By considering a seat at a bank as a perishable commodity . . . by cancelling your reservations immediately when your plans change, no commuter can miss your place . . . by going during the week instead of the weekend . . . you will help conserve space, time and equipment . . . you will help America's railroads get the most out of what they have.

And you will aid them greatly in their double-barrelled job of keeping troops and essential wartime travelers rolling on to Victory!

# Agosta Girl, Man Near Prospect Exchange Vows

**MR. AND MRS. GEORGE DRAKE** of Agosta are announcing the marriage of their daughter Rachel Jeanne, to Ernest Schrote, son of Mr. and Mrs. M. S. Schrote of near Prospect.

The single ring ceremony was read at the bride's home Sunday evening at 6:30 o'clock by Rev. A. Erwin Bailey of Agosta Methodist church before an improvised altar of white gladioli and two seven-branch candelabra.

The bride, given in marriage by her father, wore a Navy blue sheer street length dress trimmed in white. Her only jewelry was a gold heart shaped birthstone necklace, a gift of the bridegroom. Her corsage was of white gardenias.

Mrs. Edwin Wood of Richmond, maid of honor and sister of the bride, wore a Navy-blue sheer dress and a corsage of red rose buds. Her gift from the bride was a white linen handkerchief.

Mrs. Drake was costumed in a dress of tulle and white crepe and Mrs. Schrote's dress was of Navy blue alpaca. Their corsages were of white rose buds.

The candles were lighted by the bride's sisters, Misses Joanne and Dorothy Drake, who also sang, "I Love You Truly" by Bond, accompanied by Miss Vivian Drake. They were costumed in blue and red corduroy suits and their gifts from the bride were blue and red velvet hair bows.

Proceeding the ceremony, Miss Vivian Drake played "Waltz" by Brahms, "O Promise Me" by De-Koven and "Lohengrin" by Wagner. Her gift from the bride was a white linen handkerchief.

Following the wedding a reception was given at the Drake home. The table was centered by a three-tiered wedding cake decorated in pink and blue and topped with a miniature bride and groom.

On either side of the table were pink candles in double crystal holders. Miss Vivian Drake, assisted by Dwight Holt, presided at the reception.

Present for the ceremony besides the parents of the couple were Mr. and Mrs. William Hout and Mr. and Mrs. Dwight Holt and daughters of near Marion.

Mrs. Schrote was graduated from Agosta High school in 1938 and Mr. Schrote was graduated from Essex High school in 1938. He is engaged in farming with his father near Prospect. They will make their home with the bridegroom's parents.

# Birthday Party Given for S. D. Southwick

The 82nd birthday anniversary of Sherman D. Southwick of northwest of Agosta was the occasion of a family dinner Sunday at the home of his son-in-law and daughter, Mr. and Mrs. Ralph B. Howison, also of northwest of Agosta.

Two birthday cakes carried in a decorative theme for the dinner and the celebrant received a number of remembrances.

Present with Mr. Southwick and the host and hostess were Mr. and Mrs. C. L. McManis of Kenton, Gordon Southwick of Columbus, Mr. and Mrs. Charles Howison of LaRue, Mrs. Margaret Rinehart and Mrs. Blanche Bush of Marion.

# Galion Men Present Annual Minstrel Show

**GALION**, March 16—Presented by the men of Galion as "Fathers' Night" program for the West Parent-Teacher association, the Galton Pickers minstrels provided more than two hours of highly entertaining comedy to a packed house at Senior High school auditorium Monday. # Music Club Gives Final Program of 1942-43 Season

ONE of the most delightful programs of the year was presented last evening when the Marion Lecture - Recital club closed the 1942-43 season. Patrons and patronesses joined the club members for the program, presented in the ballroom at Hotel Harding. It was announced that the club chorus will continue its rehearsals and the club members will meet in April to close the business of the organization.

An all-choral program was presented with the club chorus, directed by L. G. Jones, singing two groups and Mrs. E. N. Hale, contralto, soloist. Mrs. Helen Denman of Upper Sandusky was soloist for "A Spring Symphony" by Florence Golsen, sung by the chorus to close the evening's program.

The chorus sang "Time's Garden" Thomas, and arranged by Victor Harris, "The Harp of Winds," "Star Lullaby," a Polish folk song by Treherne and "Tambourin," a French folk song arranged by Saar. The cello obligato for the opening number was played by Miss Esther Van Bockern.

Mrs. Hale's group included three numbers by Richard Strauss, "Traum Durch Die Dammernung," "Morgen" and "Ständchen." Miss Rosaline Manzo played accompaniments for the chorus numbers and Mrs. Hale's accompaniments were played by Mrs. Harold K. Mouser.

# 31<sup>st</sup> Anniversary

## GIRL SCOUTING

(March 12<sup>th</sup> thru 18<sup>th</sup>)

Girl Scouts are celebrating their 31st Anniversary by opening a nation-wide campaign for more troop leaders . . . the first step in the Girl Scout program of expansion to

*"A Million or More by '44"*

### WHY we need your help as a leader . . . .

Now that so many women are going into war industry or are taking on added responsibilities, it is increasingly difficult to maintain a steady group to give Scouting wartime service to girls. The answer is many new leaders to stabilize the existing Girl Scout organization and to help it expand. Here is a volunteer war job open to any woman over eighteen years old—one of such great importance that we, who have been at war only one year, are just beginning to realize.

The activities and ethical code of Scouting both here and in England have proved that they can give girls constructive attitudes and a place in the war effort suited to their age and emotional development. Girl Scouting checks the tendencies that may lead to juvenile delinquency and substitutes healthy constructive outlets for young energy. The girls themselves ask for "something useful to do" and clamor to join Scout troops.

War makes children restive and places them under strain. It upsets the normal course of their lives. Children need healthy recreation and comradeship to offset the effects of war. Above all, they must have sound leadership in the war work they are all so eager to do. Girl Scout leadership is as far-reaching a volunteer wartime job as any woman can find. We hope that because our expansion campaign is the result of requests from girls themselves for Girl Scouting, it will bring more and more women to the realization that here is a job that needs and deserves doing.

Additional leaders, committee members and other adult volunteers are needed to organize troops to take care of the thousands of girls who are asking for Girl Scout training. Government officials and students of child psychology in wartime have urged the Girl Scout organization to expand its services to reach as many girls as possible.

Today there are nearly 600,000 girls, and more than 140,000 adults enrolled as troop leaders, assistant leaders, consultants and members of councils or committees. For some time the waiting list of would-be Girl Scouts has been outgrowing the number of available adult volunteer leaders. Since Pearl Harbor this situation has become even more acute, with thousands of girls writing to councils, national headquarters, The American Girl magazine, and individual leaders asking to be admitted to the Girl Scout program of training and war activities.

There are 23 women in Marion serving as troop leaders and assistant leaders. All have been trained to their jobs by the Girl Scout organization which has the resources of thirty years experience in planning activities for girls and equipping leaders for them. At least 20 more leaders are needed to make Scouting available to the girls, of this community, who wish to become Scouts.

## LARUE DECIDES TO RESUME FAST TIME

Action Taken by Council and  
School Board.

LARUE, O., March 16—Action  
placing the village of LaRue and  
the LaRue school on fast time,  
starting yesterday, has been  
taken by the village council and  
the board of education.

School board action followed a  
council session Friday and will  
place the schools on a 9:30 a. m.  
to 4:30 p. m. fast time schedule  
starting March 17.

According to the ordinance  
adopted by council and effective  
immediately, the action resulted  
from the fact that the local util-  
ities, postoffice and bakeries in  
the community continued to op-  
erate on fast time and that many  
residents of the village area de-  
fendants which continued to operate  
on fast time after the state legis-  
lature returned the state to cen-  
tral war time.

One village official said this  
morning that there was "great  
confusion" among residents of the  
community and that a recent vote  
in the business men's organization  
showed an overwhelming majority  
favoring returning the village to  
fast time.

When the state legislature put  
Ohio on central war time several  
weeks ago the village went along  
with the action and operated on  
slow time.

Rathedaung area, 25 miles from  
the big enemy base at Akyab on  
the bay of Bengal.

Fighting continued north of  
Rathedaung, a communiqué said,  
"but up to yesterday evening,  
March 15, no further change in  
positions had taken place."

The heaviest fighting centered  
between Thaungda, five miles  
above Rathedaung, and Kyauk-  
tau, three miles farther north.

The British yesterday acknowl-  
edged they had been forced to re-  
adjust their lines as the result of  
an attack by reinforced Japanese  
troops.

On the China front, Brig-Gen.  
Claire L. Chennault, commander  
of the new 14 U. S. Army air  
force, promised his Chinese allies  
they would receive "equipment  
needed to gain superiority over  
the Japanese, and simultaneously  
the Chinese press set up a cry  
for more U. S. transport planes  
for China's "air Burma road."

"You need equipment and you  
are going to get it," General Chen-  
nault told Chinese military  
leaders.

visited him Sunday he was in fair  
condition. Tvo, son of Mr. and  
Mrs. Milton Tvo of Chillicothe,  
started his training on Jan. 25. At  
the time he enlisted he was em-  
ployed at the Defiance Press.

William Green of the American  
Federation of Labor would be in-  
vited to appear before the com-  
mittee tomorrow to give "con-  
structive criticism" of the plan.

Another manpower trend ap-  
peared in the WPB's study of a  
program to standardize designs  
and trim unnecessary frills from  
both civilian and military goods  
in order to free thousands of  
workers for war production. The  
plan was developed by WPB's re-  
organized conservation division,  
headed by Howard Connelley, who  
recently estimated that 5,500,000  
workers could be released for war  
jobs under such a program.

Meanwhile, a review of the gen-  
eral labor scene showed the "little  
steel" formula appeared to be giv-  
ing way to "inequalities" as the  
basis for the WLB's decisions on  
wage increase. The reason was  
said to be simple: most groups of  
employees already have received  
the 15 per cent general increase  
permitted by the formula as a  
cost-of-living adjustment.

ROONEY IS REJECTED  
BY EXAMINING BOARD

Film Star Turned Down After  
Physical Check.

By The Associated Press  
HOLLYWOOD, March 16—The  
Army has rejected Mickey Rooney  
after physical examination, and  
the usually exuberant 21-  
year-old screen star says he isn't  
happy about it.

The rejection was disclosed last  
night by Lt. Col. Agard H. Bailey,  
commanding the Los Angeles in-  
duction center, who said Rooney  
had been referred to the center  
by draft officials and had under-  
gone a thorough checkup.

Col. Bailey did not reveal spe-  
cific physical reasons for Rooney's  
rejection, but the actor's mother,  
Mrs. Nell Pankey, said two weeks  
ago Mickey had high blood pres-  
sure and a flutter in his heart.

Mickey's comment on the col-  
onel's disclosure was:  
"Last week I voluntarily took  
my physical, and I have not been  
notified of the result. If I have  
been rejected, I'm sorry."

Rooney's draft board said the  
actor was classified I-A last Au-  
gust, but subsequently was given  
four months' deferment, at the re-  
quest of his studio.

Later he was reclassified I-A,  
the board reported, and the stu-  
dio filed an appeal.

OPA Head Compares Ris- To  
Last War.

By The Associated Press  
CHICAGO, March 16—Price  
Administrator Prentiss Brown be-  
lieves there is little hope to re-  
duce the cost of living but hopes  
to keep prices from rising more  
than one half of one per cent a  
month.

As compared to a 22 per cent  
rise in the cost of living in the  
United States since Sept. 1, 1939,  
when war began with the in-  
vasion of Poland, Brown contrasted  
the 210 per cent increase in prices  
in the first World war.

"If we let prices go up," the  
war labor board can't hold wages  
down," he said at a press confer-  
ence yesterday. "And, we'll have  
to meet John L. Lewis head on  
with his demands for a \$2 increase  
for his miners," he said in com-  
menting on the United Mine  
Workers' leader's request for a \$2  
daily increase for 450,000 miners.  
The proposal is before the mine  
owners in New York.

Although expressing the hope  
that the new meat pricing system  
would improve the marketing  
situation, Brown said he didn't  
think licensing of slaughterers  
alone would "do the job" but that  
price ceilings would be necessary.  
He estimated that not more than two  
per cent of the nation's meat  
reached the black market.

## Condition of Couple Continues to Improve

The condition of Mrs. William  
A. Shuster, 83, who with her hus-  
band, 80, was overcome by coal  
fumes Saturday night at their  
home at 617 Baltimore avenue, is  
slightly improved today, mem-  
bers of the family stated. Mr. Shuster,  
who was able to be up yesterday  
is about the house today and no  
ill effects seem to have developed  
from the experience. Mrs. Shuster,  
who lay on the floor for several  
hours, developed a cold, the at-  
tending physician told the family.  
The couple, who had been at  
the home of their daughter, Mrs.  
Grover Cramer of 570 Girard ave-  
nue for several weeks, had re-  
turned to their own home only the  
day before. It is believed that a  
damper in a hard coal burner had  
been turned too tight, causing the  
fumes to escape in the house.

The couple's home address was  
incorrectly given as Oak street in  
The Star Monday.

## MRS. ALEXANDER OF MARION STRICKEN

Dies at Columbus; Services  
To Be Held Thursday.

Mrs. Katherine Alexander of  
Marion, widow of George Alexan-  
der, died in the Marshall Clark  
Rest home in Columbus this  
morning of infirmities of age.

A daughter of the late Marion  
County Sheriff Peter C. Sells and  
Elizabeth Landon Sells, she is sur-  
vived by the following brothers  
and sisters, Pearl H. Sells of South  
Vincent street, Mrs. James Thompson  
of Center street, Mrs. T. J.  
O'Keefe of Bellevue avenue and  
Ben Sells of Venice, Calif.

She was a member of First  
Church of Christ Scientist here.  
Christian Science services will  
be conducted in the Edwin K.  
Smith Home for Funerals on East  
Center street Thursday at 2 p. m.  
Friends may call at the funeral  
home.

The compromise note came  
from the senate side with sup-  
porters of manpower-draft legis-  
lation seeking to lure the backing  
of organized labor by softening  
some provisions of the Austin  
Wadsworth measure. Without in-

acceptable, senate military com-

OPA Head Compares Ris- To  
Last War.

By The Associated Press  
CHICAGO, March 16—Price  
Administrator Prentiss Brown be-  
lieves there is little hope to re-  
duce the cost of living but hopes  
to keep prices from rising more  
than one half of one per cent a  
month.

As compared to a 22 per cent  
rise in the cost of living in the  
United States since Sept. 1, 1939,  
when war began with the in-  
vasion of Poland, Brown contrasted  
the 210 per cent increase in prices  
in the first World war.

"If we let prices go up," the  
war labor board can't hold wages  
down," he said at a press confer-  
ence yesterday. "And, we'll have  
to meet John L. Lewis head on  
with his demands for a \$2 increase  
for his miners," he said in com-  
menting on the United Mine  
Workers' leader's request for a \$2  
daily increase for 450,000 miners.  
The proposal is before the mine  
owners in New York.

Although expressing the hope  
that the new meat pricing system  
would improve the marketing  
situation, Brown said he didn't  
think licensing of slaughterers  
alone would "do the job" but that  
price ceilings would be necessary.  
He estimated that not more than two  
per cent of the nation's meat  
reached the black market.

## Allies Must View Problems of War from Same Point

By DEWITT MACKENZIE  
The absolute necessity of main-  
taining complete understanding  
among the important allied gov-  
ernments (which means a full ex-  
change of information), as em-  
phasized yesterday by Secretary  
of State Cordell Hull, becomes  
clear when one considers the  
orbit of Anglo-American agree-  
ment.

Geography, and other even  
more vital factors, have put the  
remaining members of the big  
four—Russia and China—rather  
far apart. It is perhaps natural  
that at times they should view the  
war obliquely from different sides.

Thus we have Vice President  
Wallace expressing the grave con-  
cern that "unless the western de-  
mocracies and Russia come to a  
satisfactory understanding before  
this war ends, I very much fear  
that world war No. 3 will be in-  
evitable. And China's best wish  
many doubts, as I reported from  
Bombay last January after visit-  
ing Chungking."

Not only in China but in India,  
and in smaller eastern countries,  
there is an anxious speculation  
whether the war is going to dem-  
onstrate that east is east and west  
is west, and that the relationship  
between the two is going to be on  
this basis of aloofness. The orient,  
which wants to regard the Atlan-  
tic charter as the pillar of the  
road to a new world, is quickly  
expressing much uncertainty as to  
its real significance.

Fear of Charter  
I was shocked to find the wide-  
spread fear that the charter may  
be designed only for the "white  
races" and that it doesn't apply  
to Asiatics. Some of the more sus-  
picious minds even say they be-  
lieve Britain and America are  
planning to exploit the orient  
after the war.

So far as the United States is  
concerned, there is no strong dis-  
position to charge her with hav-  
ing ulterior motives. The query  
is being raised, however, whether  
she will have the tenacity to carry  
out the terms of the charter. A  
lot of people in the orient are  
worried for fear America will  
refuse to isolate.

But Britain and America aren't  
alone doubtful quantities from the  
oriental standpoint. Russia also is  
suspect, though she remains an  
enigma to the east, as she does to  
many in the western world.

Now most of this doubt, and  
fear and suspicion is due to lack  
of understanding. When I was in  
Chungking a considerable number  
of publishers and other prominent  
newspaper men gave me a tea  
party at which they put me on the  
carpet for a grilling in regard to  
such searching questions as ac-  
cited above. They were anxious to  
get the truth, but it was clear that  
in many particulars they were far  
more having a correct picture of  
their western allies. They lacked  
the true factors.

Problems Not All Post-War  
Of course the uncertainties  
which are troubling allied minds  
aren't confined to post-war prob-  
lems. We are reminded of that  
daily by the problems which grow  
out of questions of supply and  
grand strategy. Russia wants that  
second front, and China feels she  
has been left out in the cold  
through the policy of making lit-  
tle enemy number one.

# Newark Defeats Harding, 48-26, in District Finals

## But Dick Mulvaine Smashes Tourney Scoring Mark.

By LOREN W. TIBBALS  
Marion Star Sports Editor

Newark High school, state basketball champion in 1933 and 1934, lost on the first leg of another drive in the general championship direction by outclassing Marion Harding, 48-26, in the finals of the Central district Class A tournament in the Ohio State university gymnasium last night.

But while the Presidents for the seventh time bonded their chances of winning a state tournament title, Harding's lanky Dick Mulvaine, one of the all-time outstanding products of Marion hoop floors, wrote the remaining district scoring records even as the Prexies went down to defeat.

Dick chipped in 18 markers last night to make his tournament total for four games to 88 points. Last season he made 74 by Walter "Bruff" McQuade of Columbus Aquinas in the 1941 affair.

Earlier in the tournament the 5' 9" Harding star who alternated between forward and center smashed the one game scoring mark by dumping in 38 in Harding's 16-20 win over Grandview. The previous high was 24, set last year by Dee Seeling of Newark.

Mulvaine averaged 22 points a game in the four appearances in the tourney of the Marion club. The tournament total boasts his score for the season to 328 points, or an average of 16.2 points in each of the 17 Marion games.

The win last night gave Newark its fifth district championship since 1933.

Ramming in 28 points to come within one point of equalling his own tournament record, Fred Schaus, the Wildcats' No. 1 prospect for all-Ohio honors, ended up with 87 points in the four Newark games. Schaus scored 50 points in his team's first three tourney affairs.

In several ways last night's game was along the same lines as the 1933 Newark-Harding finals game, won by Newark 45-44. The night before that event Newark experienced considerable difficulty in disposing of its semi-final opponent. Facing Harding in the finals the Wildcats stars of Adams, Mercer, Gilles, Evans and Myers topped Harding despite the Herculean efforts of Bill Decker, now a Marine corps private.

Decker scored 19 points tournament records show.

The similarity between the 1933 affair and last night's game is that Newark, facing Columbus Central in a semi-final event, was pushed to the limit to squeeze out a 43-42 win. Against Harding and Mulvaine, like Decker, played brilliantly in defeat.

It was a case of one player, Mulvaine, matched against a team of five stars. Anyone of Coach Max Douglas' starters teamed with Mulvaine could easily have reversed the final results.

## CREAM OF NATION'S CAGE TEAMS TO VIE FOR A. A. U. LAURELS

College, Independent Squads at Denver To Bid for National Title.

By The Associated Press  
DENVER, March 15.—The cream of college and independent basketball show their shots tonight in the race for a wartime national A.A.U. title.

Wyoming, one of the nation's highest scoring university squads, 200 against a southeastern college powerhouse, Howard Payne of Brownwood, Texas.

Twenty-first Century-Fox of Hollywood, co-favored with Wyoming to win the meet, is paired with the fighting Fort Warren, Wyo., all-star soldier squad.

Phillips 66 of Bartlesville, Okla., with hardly a man left of the Phillips team that won the crown in 1940 but with a collection of stars from widespread points, clashes with the St. Louis, Mo., Universal Auto Body club.

Howard Payne college dispatched Piedmont college of DeMarost, Ga., 54-48 in the windup of the first round yesterday.

In second round matches, Milwaukee, Wis., Allen-Bradley slid over Bennett Drug of Billings, Mont., 67-29, the Portland, Ore., Rollermakers scratched out a 50-43 win over the St. Aloysius High school team of 17 and 18-year-olds from New Orleans, La., Cesna Aircraft of Wichita, Kas., blasted Alfreight of El Paso, Texas, Army Air Navigation school out of the tourney, 45-20; Fort Collins, Colo., Poudre Valley (Colorado State college) outpointed the San Pedro, Calif., Y.M.C.A., 64-63 in two overtime periods, and Denver university beat the Provo, Utah, Steelers (Brigham Young university) 52 to 40.

Scoring 20 more via the same route, Schaus monopolizing the scoring tempo, wound up the period with a close range fielder.

Harding showed a little spark in opening the second half with Cleary and Hurst each scoring field goals, Bickle scored a dribble in shot and Schaus added a goal and two fouls before Mulvaine countered with an under the basket shot. Schaus hit for two more free throws and Mulvaine dropped in a semi-long attempt.

Removed from the game late in the third quarter, Cleary was sent back in at the start of the fourth to substitute for Fazio. Cleary opened up with a long shot and Newark countered with goals by Blinn and Schaus. Tom Hurst popped in a one hander and Schaus pitched two more chaotic ties. Bickle added a dribble in attempt and Mulvaine laced in a free throw before Schaus scored an under the basket goal. Wells finished the scoring with a shot just ahead of the gun.

## SNATCHES OF SPORTS

By HUGH FULLERTON JR.

NEW YORK, March 15.—This one ought to start a few arguments on the dull days. . . . After testing in the third battalion at the Del Monte, Calif., Navy pre-flight school, Lieut. William Neufeld, head of the school's testing and measuring department, has concluded that boys from west of the Mississippi river are better physical specimen than the easterners.

The Del Monte battalion (60 per cent Californians) had an average physical fitness index of 66.7 for the first four battalions of the Chapel Hill, N. C. pre-flight school. The standard index is 60—but don't ask us what that means.

Reunion in New Orleans.—When Howard Blakeslee, AP science editor, visited Tulane university on a recent southern tour, he met "Big Monk" Simons, Tulane's famous trainer. . . . They seemed to see something familiar and eventually recalled that when Blakeslee was breaking middle distance running records for the Suffolk Downs race track in 1907-08, Big Monk was a teammate who specialized in busting sprint records. . . . They hadn't seen each other since those days.

Service Dept.—Soldier Buck, old-time Louisville fighter who was licked by such guys as Young Stirling and Harry Greb, has been discharged from the Army because of his age (about 43) and is back on the job as foreman in a defense plant. He's a World War I veteran and has a son in the service.

Galion Man Reported Missing in N. Africa

Special to The Star.

GALION, March 16.—Another Galion boy reported missing in action in the North African war area is Pfc. Cleaman J. Neuman, 23-year-old son of Mr. and Mrs. Elmer C. Neuman.

The parents were notified by the war department in Washington in a telegram signed by Major-Gen. James A. Ullo, adjutant general of the U. S. Army.

Pfc. Neuman had been in the Army for over two years, and was inducted from Elvira where he was employed. He was sent to Fort Benjamin Harrison, Ind., on March 5, 1941.

HELD UNDER BOND

By The Associated Press  
CLEVELAND, March 16.—Frank Noble, 62, was held under \$10,000 bond today on charges of shooting to kill in a raid on the suburban Brooklyn town hall during which State Liquor Inspector Vernon C. Tobias was wounded by gunfire. From his bed in City hospital, Tobias identified Noble as the man who pushed him when angry patrons attempted to break through a police line during the raid.

## REGIONAL TOURNEY PLAY TO START FOR HIGH SCHOOL TEAMS

Contests Set at Kent, Bowling Green, Zanesville and Dayton Courts.

By The Associated Press  
COLUMBUS, O., March 15.—The state finally was set today for the second big act in the Ohio scholastic basketball championship drama—the regional elimination tournaments.

The curtain fell on the first act—the district meets—last night as Newark High defeated Marion Harding 48 to 26 in Ohio State university gymnasium to capture the Central Class A crown.

The Newark squad, state champion in 1936 and 1939, was the last of 16 "A" teams to qualify for this week-end's regional play which will decide the four participants in the final phase of the title drama—the championship playoffs here March 27.

Newark and 15 other "A" district titlists, decided in last week-end's tourneys clash in regional session at Bowling Green, Kent, Dayton and Zanesville.

Sixteen Class B district winners will vie for regional honor at Bowling Green, Springfield, Kent and Athens.

A participant in the Newark tourney is Port Clinton, Bellard, Toledo Woodway, Lima Central, Canton McKinley, Akron West, Canton Ithman, East Cleveland Shaw, Xenia Central (defending champion), Cincinnati F. I. D. E. Middlebrook, Greenfield, Dover, Martins Ferry and Akron Kenmore.

The "B" team area, Webster township, Middlebrook, Peleeville, Wharton, Berlin, Plainville, Kent City, Cantonville, Bolivar, Kent State, Westmore, Hartsville, Rome, Yorkville, Ulica and Corning, Pa., will play in the Zanesville, Class A regional, completed in district last night. Akron Kenmore and Martins Ferry and Akron Kenmore v. Dover.

Carey Soldier Hit Of British Show in Africa

Special to The Star

CAREY—Mrs. Frank Kinsinger of Carey has received a copy of the "Allied Post," a British newspaper printed in North Africa, dated Feb. 6, 1943.

It was sent by her son, Pfc. Alton Kinsinger, who is with the U. S. Army in North Africa. Alton took part in a British revue in a North African town and the following notice was printed: "Stars of a British show in a North African town this week were a 19-year-old French girl who could not speak a word of English and an American private soldier. They were Andree Moucan and Pfc. Alton Kinsinger, a professional harmonica player and tap dancer from Carey, Ohio. Kinsinger's act stopped the show. The title of the show was 'Evening Dress Only' and it was a Revue."

Pvt. Donald W. Reinhart, of south of Carey was graduated from a course in aviation mechanics at Sheppard Field, Texas.

Pvt. Allan G. Smith of north of Carey received his diploma Wednesday, at Keesler Field's bomber school as an airplane mechanic.

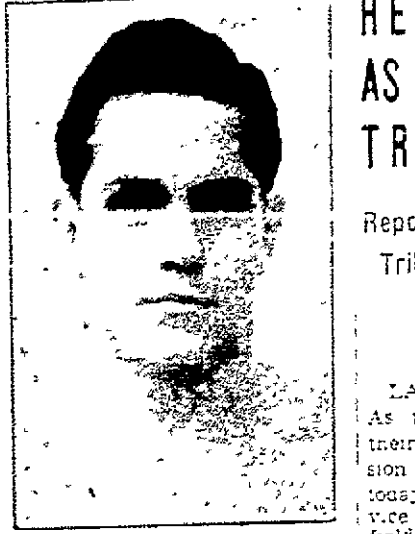

The Women's Missionary and the Jennie Lamonth Missionary societies of Christ Lutheran church, the Evangelical missions of Memorial Evangelical church and the W. S. C. S. of Carey Methodist church held a world day of prayer service at Christ church Friday, Mrs. H. B. Keller, Mrs. Ruby Criger, Mrs. Joseph Dible, Mrs. V. H. Huston, and Mrs. Claude Johnson were in charge.

DIES AT BUCYRUS

Special to The Star

BUCYRUS, March 15.—Funeral services will be held Wednesday at 2 p. m. at the Wise funeral home for Joshua Crouse Lichtenwalter, 84, retired mail carrier, who died at his home here Monday.

Burial will be made in Oakwood cemetery. Born in Crawford county, May 11, 1850, he lived his entire life here. His marriage to Mary Faggett took place Sept. 30, 1880. Surviving with the widow are five children.

HERE THURSDAY. Pictured above is Larry Kasaboski, who will meet Rene LaBell in the 30-m note preliminary event on Thursday's wrestling program at the Armory arena. For the other events on the program, Manager Les Fenebaugh has arranged a double main-go with Steve Nenoff and Ali Pasha in one and Morris Shapiro and John Vansky in the second.

HEATH HOLDS OUT AS INDIANS OPEN TRAINING SEASON

Reported To Have Rejected Tribe's Second and "Final" Salary Offer.

By The Associated Press  
LAFAYETTE, Ind., March 15.—As the Cleveland Indians begin their first formal practice session of the spring training season today, Roger Peckinpaugh, team president, announced that outfielder Jeff Heath had rejected the terms of his second contract.

Heath is the only one of the Indians' outfielders who has not been offered and the next move by the team is to sign him. Peckinpaugh commented: "At Seattle, Wash., Heath would rather continue on in a shipyard than play baseball at a sharp salary cut."

He reported the second offer was more than the original contract proposal of 40 per cent less than last year.

Despite infield troubles Manager Lou Boudreau maintained "we're still the team to beat."

The young manager named Catcher Otto Dinning as his first baseman until proven otherwise and said Russ Peters would replace Ray Mack if the regular second sacker is inducted.

Fleming the Indians' first baseman last season, is staying in the work and Mack took his selection service board physical examination in Cleveland last week-end.

The center-field position was left vacant by the trade of Roy Weatherly to the New York Yankees but Boudreau has definite ideas about a replacement.

"Oris Hockett is our man there unless young Hank Edwards can best him," Hockett's arm is a decisive factor. "I want our best thrower in center field, and guess none of the other outfielders can give Hockett an argument in that department."

CHICAGO.—Manager Jimmy Dykes of the Chicago White Sox, who recently underwent an operation, is expected tomorrow from the west coast. The welcoming committee will take the convalescent skipper to Comiskey park, where President Grace Comiskey will be hostess at a corned beef and cabbage party in the press room.

CAPE GIRARDEAU, Mo.—Chet Laabe, outfielder, joined the St. Louis Browns today at about the same time Manager Luke Sewell was notified Relief Pitcher George Caster had agreed to terms.

Catchers Rick Ferrell and Frankie Hayes remain unsigned along with eight other Browns.

BEAR MOUNTAIN, N. Y.—Billy Herman, veteran second baseman of the Brooklyn Dodgers, appeared at third base for the second consecutive day with Albie Glossop, recently acquired from the Philadelphia Phillies, caving in at the keystone.

PITTSBURGH.—The Pittsburgh Pirates announced the signing of rookie infielder James Cullinane and the purchase of five players from the Harrisburg Class C Interstate league. They are Shortstop Frank Zak, Pitchers Alfred Jarlett, Steve Kropp and Lee Howard and Infielder Pete Castiglione. Zak and Jarlett will report Thursday at Muncie, Ind., but the others are in the armed forces.

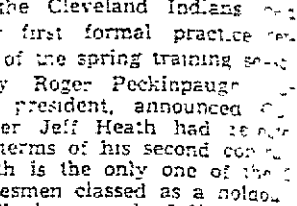

HERSHEY, Pa.—The Philadelphia Phillies are in hot water already. Harold Bruce, famed track coach who is their trainer, is making the athletes drink it before, during and after practice.

"It doesn't taste good but the boys will like it after they discover how much better they feel," says Bruce.

EVANSVILLE, Ind.—Manager Steve O'Neill has slapped on a midnight curfew and prohibited the playing of poker among the members of the Detroit Tigers. Bridge, rummy and pitch will be permitted for small stakes.
